

## Overview of the Results for the Fiscal Years 2015 – 2018

The World Bank's **fiscal year (FY)** starts with July 1st and ends with June 30th. That means, for instance, FY 2015 began at July 1, 2014, and ran until June 30, 2015.

“**OP 4.12**” is the World Bank's Operational Policy on Involuntary Resettlement: <https://policies.worldbank.org/sites/ppf3/PPFDocuments/090224b0822f89db.pdf>  
When the Policy is triggered it means that the World Bank has identified a possible resettlement, not necessarily that a resettlement was actually carried out. It is, however, the best indicator on how often a resettlement is considered or taking place.
